Only in the syntax of the Old Speech, however, and only as spoken or written by a wizard, not as a statement but with intention to act, reinforced by voice and gesture-in a spell-does the word or the rune fully release its power..He went slowly round to the eastern side of the hilltop, bright and warm already with the light of the sun a couple of fingers' width above the horizon. Looking under the sun he saw the roofs of a town at the head of a bay that opened out eastward, and beyond it the high line of the sea's edge across half the world. Turning west he saw fields and pastures and roads. To the north were long green hills. In a fold of land southward a grove of tall trees drew his gaze and held it. "You can sleep in the nook under the west window. There's an old pallet in the woodhouse. Air it. Don't bring mice in with it." And he stalked off towards the Overfell, angry with the boy for coming and with himself for giving in; but it was not anger that made his heart pound. Striding along-he could stride, then-with the seawind pushing at him always from the left and the early sunlight on the sea out past the vast shadow of the mountain, he thought of the Mages of Roke, the masters of the art magic, the professors of mystery and power. "He was too much for 'em, was he? And he'll be too much for me," he thought, and smiled. He was a peaceful man, but he did not mind a bit of danger..comes by chance. After a long time she said, clearing her throat, not looking up, "Is it true I do harm being here?". "No. It isn't the High Art. It isn't the True Speech. A wizard mustn't soil his lips with common words. "Weak as women's magic, wicked as women's magic," you think I don't know what they say? So, why did you come back here?". "It wasn't a matter of time only. First she had to. . . see something in him, get to know." Irian said. She stepped forward again, facing the mage directly. Tell me who I am.". "When the balance is wrong, holding still is not good. It must get more wrong," said the Patterner.
