On other nights, she had overheard this and been touched. On this Christmas Eve, however, it filled her with wonder and wondering, for she recalled their conversation earlier, at Joey's grave. Then the police in Spruce Hills would want to know why he had been screwing around with an underage Negro girl if his marriage to Naomi had been as perfect, as fulfilling, as he claimed. Unfair as it seems, there is no statute of limitations on murder. Closed files can be dusted off and opened again; investigations can be resumed. And although authorities would have little or no hope of convicting him of murder on whatever meager evidence they could dig up, he would be forced to spend another significant portion of his fortune on attorney fees. Grace, Celestina, and Paul expressed amusement and amazement at Angel's critical judgment. Dropped, the wineglass had shattered. But the bottle of Merlot had survived again, rolling across the vinyl-tile floor until it bumped gently against the base of a cabinet. "Our new roof," Bill said, pointing overhead, "will hold through any hurricane. Fine work. You tell Agnes what fine. Because, since childhood, Jacob had been drawn to stories and images of doom, to catastrophe on both the personal and the planetary scale—from theater fires to all-out nuclear war—he had a flamboyant imagination second

to none and a colorful if peculiar intellectual life. For him, therefore, the most difficult part of learning card manipulation had been coping with the tedium of practice, but for years he had applied himself diligently, motivated by his love and admiration for his sister, Agnes. Symptoms of food poisoning usually appear within two hours of dining. The hideous intestinal spasms had rocked him at least six hours after he'd eaten. Besides, if the culprit were food poisoning, he would have vomited; but he hadn't felt any urge to spew. Angel, as if in God's own hands, stared with round-eyed wonder at the physician. He hadn't learned much from the call other than that they hadn't found Vanadium in his Studebaker at the bottom of Quarry Lake. "Do you want me to call and confirm how Vanadium was harassing you up here?" asked Magusson. He stood at a window, staring down into the street, his profile to her, and in his silence he searched for the words to describe the "something extraordinary" that he had mentioned earlier. Like all women past puberty and this side of the grave, she was attracted to him. She never told him as much, not in words, but he detected this attraction in the way she looked at him, in the tone that she used when she spoke his name. Throughout three weeks of therapy, Seraphim revealed countless small but significant proofs of her desire. In the chilly darkness, his breath plumed visibly, frosted by moonlight. The rapidity and raggedness of his radiant exhalations would have marked him as a guilty man if witnesses had been present. The subtle distortions in his vision, which caused lines of type to twist, didn't appear to trouble Barty much otherwise. He moved as quickly and as surely as ever, with his special grace. The rain-washed street shimmered greasily under the tires, and the intersection lay halfway up a long hill, so gravity was aligned with fate against them. The driver's side of the Pontiac lifted. Beyond the windshield, the main drag of Bright Beach tilted crazily. The passenger's side slammed against the pavement. Agnes found herself drifting up. A frightening sense of weightlessness overcame her. Tom would have edged to his right, away from Edom, if Jacob hadn't flanked him. He remembered the odd comment that the more dour of the twins had made about the Bakersfield train wreck. When Nolly sighed and frowned, his lumpish face seemed in danger of sliding off his skull, like oatmeal oozing off a spoon. "Mr. Cain, much as I regret it, I'm afraid I'm going to have to return half of the retainer you gave me." He used the kitchen phone, at the corner secretary. The blood had been cleaned up long ago, of course, and the minor damage from the ricocheting bullet had been repaired. Even as this news pleased Junior, it also saddened him. He was not merely interring a lovely wife, but also his first child. He was burying his family. When the pianist eventually launched into "Someone to Watch over Me," he didn't appear to be responding to a request, considering that a few other numbers had been played since the most recent gratuity. The tune was, after all, in his nightly repertoire. In the sermon that brought him a moment of fame that he'd found more uncomfortable than not, Daddy had used the life of Bartholomew to illustrate his point that every day in every life is of the most profound importance. Bartholomew is arguably the most obscure of the twelve disciples. Some would say Lebbaeus is less known, some might even point to Thomas the doubter. But Bartholomew certainly casts a shadow far shorter than those of Peter, Matthew, James, John, and Philip. Daddy's purpose in proclaiming Bartholomew the most obscure of the twelve was then to imagine in vivid detail how that apostle's actions, seemingly of little consequence at the time, had resonated down through history, through hundreds of millions of lives and then to assert that the life of each chambermaid listening to this sermon, the life of each car mechanic, each teacher, each truck driver, each waitress, each doctor, each janitor, was as important as the resonant life of Bartholomew, although each dwelt beyond the lamp of fame and labored without the applause of multitudes. Here, four days past Christmas, after two days of torment, Agnes knew the worst, that her treasured son must go eyeless or die, must choose between blindness or cancer of the brain. Jacob trusted no one but Agnes and Edom. He'd trusted Joey Lampion, too, after years of wary observance. Now Joey was dead, and his corpse was in the embalming chamber of the Panglo Funeral Home. As she tucked the bedclothes around him again, she said, "Barty, I don't think you should let anyone else see how you can walk in the rain without getting wet. Not Edom and Jacob. Not anyone at all. And anything else special that you discover you can do ... we should keep it a secret between you and me." When you construct or reconstruct a world that never existed, a wholly fictional history, the research is of a somewhat different order, but the basic impulse and techniques are much the same. You look at what happens and try to see why it happens, you listen to what the people there tell you and watch what they do, you think about it seriously, and you try to tell it honestly, so that the story will have weight and make sense. Of firm but pliable rubber, custom-formed to his disfigured foot, a shoe insert filled the void left by his missing toe. This simple aid ensured that virtually all footwear was comfortable, and by November, Junior walked with no discernible limp. After poring through enough sensational newspaper accounts to be convinced that the curse-casting reverend was undeniably dead, Junior had acquired four pieces of surprising information. Three were of vital importance to him. Junior didn't believe in ghosts, anyway. He believed in flesh and bone, stone and mortar, money and power, himself and the future. NOLLY FELT A little silly, walking the mean streets of North Beach under a white umbrella with red polka dots. It kept him dry, however, and with Nolly, practical considerations always triumphed over matters of image and style. He was astonished that adoption records would be sealed and so closely guarded when a child was being placed with a member of its immediate family, with its mother's sister. As though he were home to a species of termites that preferred the taste of men to that of wood, Vanadium felt a squirming in his marrow. The slamming of Junior's heart sounded as loud to him as mortar rounds. He stepped back and sideways, out of the vending machine's line of fire. Agnes discovered that watching her child be totally consumed by a new enthusiasm was an unparalleled delight. Through Barty, she had a tantalizing sense of what her own childhood might have been like if her father had allowed her to have one, and at times, listening to the boy exclaim about the space-faring Stone family or about the mysteries of Mars, she discovered that at least some part of a child still lived within her, untouched by either cruelty or time.
