NED--"CALL ME NEDDY"--Gnathic was as slim as a flute, with a flute-quantity of holes in his head from which thought could escape before the pressure of it built into an unpleasant music within I his skull. His voice was always soft and harmonious, but frequently he spoke allegro, sometimes even prestissimo, and in spite of his mellow tone, Neddy at maximum tempo was as irritating to the ear as bagpipes bleating out Bolero, if such a thing were possible..He shook so badly that he couldn't remove the cap from the bottle. He was proud to be more sensitive than most people, to be so full of feeling, but sometimes

sensitivity was a curse. Standing near the foot of the bed in a shapeless blue suit, Vanadium might have been the work of an eccentric artist who had carved a man out of Spam and dressed the meaty sculpture in thrift-shop threads. Because he kept imagining the stealthy sounds of a dead cop rising in vengeance behind him, Junior switched on the radio. He tuned in a station featuring a Top 40 countdown. Barty let go of the girl's hand, and although he remained dry, the storm at once found her where she'd been hiding in the silver-black folds of its curtains. Wishing he had left the gauze wrappings on his face, but afraid that the airwaves might already be carrying news of the bandaged man who had killed a minister in Spruce Hills, Junior abandoned the Dodge and hurriedly walked back to the private-service terminal, where the pilot from Sacramento waited. At the sight of his passenger, the pilot blanched and said, Allergic reaction to WHAT? And Junior said, Camellias, because Sacramento was the Camellia Capital of the World, and all that he wanted was to get back there, where he'd left his new Ford van and his Sklents and his Zedd collection and everything he needed to live in the future. The pilot couldn't conceal his intense revulsion, and Junior knew that he would have been stranded if he hadn't paid the round-trip charter fare in advance. Junior felt unspeakably violated. This was outrageous: the inarguably personal, very private contents of his stomach, scooped into a plastic evidence bag, without his permission, without even his knowledge. The crazy bitch wielded it with such ferocity that the force of the impact with the floor, rebounding upon her, must have numbed her arms. She stumbled backward, dragging the chair, temporarily unable to lift it. In his head, without apparent effort, Barty kept a running total of the number of seconds that he had been alive, and of the number of words in every book that he read. Agnes never checked his word totals for an entire volume; however, when she cited any page in a book that he'd just finished, he knew the number of words it contained. Celestina told them about Nella Lombardi and about the message Phimie delivered to Dr. Lipscomb after being resuscitated. "Phimie was, . . . so special. There's something special about her baby, too." The sole male guest in whom he took an interest—a big interest was Sklent, the one-name painter whose three canvases were the only art on the walls of Junior's apartment. Enigmatic as ever on this subject, he continued: "I'm probably not blind more places than I am. Yeah, sure, I'd rather be me in one of the other places where my eyes are good, but this is the me I am. And you know what?" She could have gone at him with the chair once more, but it was falling apart. Instead, she abandoned furniture for the promise of a firearm, dropped to her knees, and snatched the discarded pistol magazine off the floor. Raising his revolver, Tom squeezed off two shots, but the gun didn't discharge. At the next comer, instead of continuing south, Junior angled aggressively in front of oncoming pedestrians, stepped off the curb, and headed east, traversing the intersection against the advice of a Don't Walk sign. Horns blared, a city bus nearly flattened him, but he made. He slipped behind the door and raised the pewter candlestick over his head. Weighing perhaps five pounds, the object made a formidable bludgeon, almost as good as a hammer. "Well, certainly, I understand," said Panglo, slowly lowering the offered hand, although he clearly didn't understand at all. In the neatly ordered bedroom, he removed his shoes. Stretching out on the bed, he stared at the ceiling, feeling useless. We know a dozen different Arthurs now, all of them true. The Shire changed irrevocably even in Bilbos lifetime. Don Quixote went riding out to Argentina and met Jorge Luis Borges there. Plus c'est la meme chose, plus fa change. The time had come for him to think more seriously about his situation and his future. Self-improvement remained a laudable goal, but his efforts needed to be more focused. Indeed, Junior suspected that they might be here at Vanadium's urging. The cop would be interested in determining how avaricious the mourning husband would prove to be when presented with the opportunity to turn his wife's cold flesh into cash. With great deliberation, Joey shifted gears and followed the drive way to the street, where he peered left and then right with the squint-eyed suspicion of a Marine commando scouting dangerous territory. He turned right. Since childhood, he had been waiting for this moment—if indeed it was The Moment—and he had nearly lost hope that the much-desired encounter would ever come to pass. He had expected to find others with his perceptions among physicists or mathematicians, among monks or mystics, but never in the form of a three-year-old girl dressed all in midnight-blue except for a red belt and two red hair bows. The aging, fugitive Nazi had been replaced at the front desk by a woman with messily chopped blond hair, a brutish face, and arms that would dissuade Charles Atlas from challenging her. She changed a five-dollar bill into coins for the vending machines and snarled at him only once in strangely accented English. Clearly, the musician recognized him, which seemed unlikely, even extraordinary, considering that they'd never spoken to each other, and considering that Junior must be only one of thousands of customers who had passed through that lounge in the past three years. "It's not a specific brand you can't have, it's the whole idea of a candy bar." Jacob's mentor had been a man named Obadiah Sepharad. They had met when Jacob was eighteen, during a period when he'd been committed to a psychiatric ward for a short time, his eccentricity having been briefly mistaken for something worse. "Better. Fear doesn't require him even to seduce a woman or to buy a bottle of whiskey. He just needs to open himself to it, and he will be filled like a glass under a faucet. As difficult as this may be to comprehend, Cain would choose to be neck-deep in a bottomless pool of terror, desperately trying to stay afloat, rather than to suffer that unrelieved hollowness. Fear can give shape and meaning to his life, and I intend not merely to fill him with fear but to drown him in it." She closed her eyes, and he thought that she was gone, but then she opened them again. "There is one place beyond all the ways things are." BASEBALL CAP IN HAND, he stood on Agnes's front porch this Sunday evening, a big man with the demeanor of a shy boy. After a minute, he slipped his hand into his pocket. The quarter was still there. Apparently, he didn't lean back far enough, because amazingly he landed on his feet in the winter-faded grass. The shock buckled him, and he dropped to his knees. Still cradling Grace, he lowered her to the ground as gently as he'd ever lowered fragile Perri onto her bed—quite as if he had planned it this way. AS GREASY WITH FEAR sweat as a pig on a slaughterhouse ramp, Junior woke from a nightmare that he could not remember. Something \*is reaching for him—that's all he could recall, hands clutching at him out of the dark—and then he was awake, wheezing. Night still pressed at the glass beyond the venetian blind. The pharmacy lamp in the corner was aglow, but the chair that had been beside it was no longer there. It had been moved closer to Junior's bed. The busboy swept the empty appetizer plates away as the waiter arrived simultaneously with small salads. Fresh martinis followed. Just as Celestina snapped shut the latches on the suitcase and turned to the door, a nurse's aide entered, pushing a cart loaded with towels and bed linens. Nolly raised his martini glass in a toast. "To Kathleen Klerkle Wulfstan, dentist and associate detective." Junior locked the door. He started the engine and drove out of the cemetery faster than was prudent on the winding service road. "That's obvious to us, but not always to others. Apparently, this would have been some years ago." The night of Barty's birth, when Joey actually lay dead in the pickup-bashed Pontiac, as a paramedic had rolled Agnes's gurney to the back door of the ambulance, she had seen her husband standing there, untouched by that rain as her son was untouched by this. But Joey—dry-in-the-storm had been a ghost or an illusion fostered by

shock and loss of blood..Even in this soft light, Nolly could see that she was blushing like a young girl. She glanced around at the nearby tables..Evidently, last evening, prior to keeping a dinner date with Victoria, when the taunting detective had illegally entered Junior's house and placed another quarter on the nightstand, he had seen the directory open on the kitchen table. Deducing the meaning of the red check marks, he inserted this card and closed the book: another small assault in the psychological warfare that he'd been waging..Junior hurried out of the kitchen and along the hallway to the front door. He ran silently, landing on his toes like a dancer. His natural athletic grace was one of the things that drew so many women to him..Leaving Spruce Hills, Junior thought he was putting distance between himself and his enigmatic enemy, gaining time to study the county phone directory and to plan his continuing search if that avenue of investigation brought him no success. Instead, he had walked right into his adversary's lair..He did not look at the battered face. Dare to meet those shuttered eyes, and they might spring open, full of blood and fix him with a crucifying stare..The instant he flipped the coin, he opened both hands-palms up, fingers spread-with a distracting flourish..Bartholomew's genius might have been intimidating, even off-putting, if he'd not been as much child as child genius. Likewise, he would have been wearisome if impressed by his own gifts..Murmuring reassurances, Celestina put a hand on the girl's head and smoothed her brow, her hair, until the sour dream was sweetened by the touch..Maybe the bright side was that the musician hadn't either wet his pants or taken a dump while in his death throes. Sometimes, during a comparatively slow death like strangulation, the victim lost control of all bodily functions. He'd read it in a novel, something from the Book-of-the-Month Club and therefore both life-enriching and reliable. Probably not Eudora Welty. Maybe Norman Mailer. Anyway, the men's room didn't smell as fresh as a flower shop, but it didn't reek, either..He left by the back door, to avoid the aftermath seeping across the foyer floor. Fog enveloped him, cool and refreshing..Leaving three of the pats in the container, he carefully placed the fourth on the vinyl-tile floor..Maria Elena Gonzalez, where no one lived with fear like her brothers Edom and Jacob,.She struggled, wept, pretended disgust, faked shame, swore to bring the police down on him. Another man, not as highly skilled at reading men as Junior, might have thought the girl's resistance was genuine, Sat her charges of rape were sincere. Any other man might have backed off, but Junior was neither fooled nor confused..Uncle Jacob, cook and baby-sitter and connoisseur of watery death, cleaned off the table and washed the dishes while Barty patiently endured a rambling postbreakfast conversation with Pixie Lee and with Miss Velveeta Cheese, whose name wasn't an honorary tide earned by winning a beauty contest sponsored by Kraft Foods, as he had first thought, but who, according to Angel, was the "good" sister to the rotten lying cheese man in the television commercials..The guesswork of a wizard is close to knowledge, though he may not know what it is he knows. The first sign of Otter's gift, when he was two or three years old, was his ability to go straight to anything lost, a dropped nail, a mislaid tool, as soon as he understood the word for it. And as a boy one of his dearest pleasures had been to go alone out into the countryside and wander along the lanes or over the hills, feeling through the soles of his bare feet and throughout his body the veins of water underground, the lodes and knots of ore, the lay and interfolding of the kinds of rock and earth. It was as if he walked in a great building, seeing its passages and rooms, the descents to airy caverns, the glimmer of branched silver in the walls; and as he went on, it was as if his body became the body of earth, and he knew its arteries and organs and muscles as his own. This power had been a delight to him as a boy. He had never sought any use for it. It had been his secret.. "You're one to talk," Celestina said. "Who was it told us they were sitting hand in hand on the front-porch swing." Glancing at the plump pie in Edom's hands, the gentleman replied to Agnes in a musical yet gravelly voice worthy of Louis Armstrong: "You must be the lady Reverend Collins told me about." In a stolen black Dodge Charger 440 Magnum, Junior Cain shot out of Spruce Hills on as straight a trajectory to Eugene as the winding roads of southern Oregon would allow, staying off Interstate 5, where the policing was more aggressive..He snatched the woman's car keys off the pavement, slid behind the wheel of the Pontiac, and drove off to find a pharmacy, the only stop that he intended to make until he reached Spruce Hills..Every nerve in Junior's body was a tautly strung trigger wire. If something set him off, he might explode so violently that he'd blow himself into a psychiatric ward..An affecting but difficult-to-define note in Dr. Lipscomb's voice brought Celestina slowly out of the office chair, to her feet. Perhaps it was wonder. Or fear. Or reverence. Perhaps all three..Hers were the most feminine hands he'd ever seen. Slender, soft, prettier than Naomi's. He had no idea what she was talking about..Head lowered, as if his visit to Jacob were a weight that bowed him, his attention was on the ground. Otherwise, he might not have noticed, might not have been halted by, the intricate and beautiful pattern of sunlight and shadow over which he walked..Heart racing, Tom produced another quarter from a pants pocket. For the benefit of the adults, he performed the proper preparation-a little patter and the ten-finger flimflam-because in magic as in jewelry, every diamond must have the proper setting if it's to glitter impressively..If blood tests revealed that Junior wasn't the father, Vanadium would have a motive. It wouldn't be the right motive, because Junior truly hadn't known either that his wife was pregnant or that she was possibly screwing around with another man. But the detective would be able to sell it to a prosecutor, and the prosecutor would convince at least a few jurors.. "I never spoke with God--Nor visited in Heaven--Yet certain am I of the spot--As if the Checks were given." "I'll always know your face," he promised. "Even if you have to go away and you're gone a hundred years, I'll remember what you looked like, how you felt." When Seraphim's bastard baby was dead, evidence of paternity would die with it-and any claim for child support. Even Vanadium's stubborn, selfish, greedy, grubbing, vicious, psychotic, evil spirit would have to recognize that all hope of bringing Junior down was lost, and it would at last either dissipate in frustration or be reincarnated..Drawn one after the other, two knaves of spades didn't signify two deadly enemies, but meant that the enemy already predicted by the first would be unusually powerful, exceptionally dangerous..Three years ago, in St. Mary's Hospital, with Phimie's warning fresh in her mind, Celestina swore that she would be ready when the beast came, but here he came, and she was as not ready as possible. Time passes, the perception of a threat fades, life becomes busier, you work your butt off as a waitress, you graduate college, your little girl grows to be so vital, so vivid, so alive that you know she just has to live forever, and after all, you are the daughter of a minister, a believer in the power of compassion, in the Prince of Peace, confident that the meek shall inherit the earth, so in three long years, you don't buy a gun, nor do you take any training in self-defense, and somehow you forget that the meek who will one day inherit the earth are those who forego aggression but are not those so pathetically meek that they won't even defend themselves, because a failure to resist evil is a sin, and the willful refusal to defend your life is the mortal sin of passive suicide, and the failure to protect a little yellow M&M girl will surely buy you a ticket to Hell on the same express train on which the slave traders rode to their own eternal enslavement, on which the masters of Dachau and old Joe Stalin traveled from power to punishment, so here, now, as the beast throws himself against the door, as he shoves aside the barricade, with what precious little time you have left, fight. Junior shoved through the

blocked door, into the bedroom, and the bitch hit him with a chair. A small, slat-back side chair with a tie-on seat cushion. She swung it like a baseball bat, and there must have been some Jackie Robinson blood in the White family line, because she had the power to knock a fastball from Brooklyn to the Bronx.. "Now, I'm doubtless," Vanadium said, his voice returning to the uninflected drone that Junior had come to loathe but that he now preferred to the unsettling voice of quiet passion. "No matter what the situation, no matter how knotty the question, I always know what to do..Dr. Zedd's death, just last Thanksgiving, had been a blow to Junior, a loss to the nation, to the entire world. He considered it a tragedy equal to the Kennedy assassination one year previous..A door slammed, and after the briefest of internal debates about whether to ize or act, Junior left Ichabod straddling the threshold. He must get to Celestina before she reached a telephone, and then he could come back and finish moving the body..Because the glass wings of the open window didn't lie flat against the exterior wall, they blocked his view. He had to thrust himself farther through the opening, until he seesawed on the sill, before he could see the length of the entire block, in which the gallery stood at approximately the middle..Nolly's gums were in great shape, too: firm, pink, no sign of recession, snug to the neck of each tooth..Vanadium flipped the quarter straight into the air and at once spread his arms, palms turned up to show that his hands were empty..Without commenting, Tom continued: "And worlds just like ours-except that my parents never met, and I was never born. Worlds in which Wally was never shot because he was too unsure of himself or just too stupid to take Celestina to dinner that night or to ask her to marry him..".The opening paragraph still lingered in his memory, because he had crafted it with great care: Greetings on this momentous day. I'm writing to you about an exceptional woman, Agnes Lampion, whose life you have touched without knowing, and whose story may interest you..She appeared to be in her early thirties, perhaps six years older than Junior, but he didn't hold that against her. He wasn't any more prejudiced against older people than he was against people of other races and ethnic origins..Lifting his martini, theatrically gesturing to the tablecloth where the glass had stood, as though the lack of coins proved that he, too, had sorcerous power, Nolly said, "Another round of this magical concoction? ".They wore out a lot of cards and kept a generous supply of all types of decks on hand..They had a few days for quiet celebration of this astonishing recovery of his sight, and in that time, she never tired of watching him read to her. He didn't think she even listened closely. It was the fact of him made whole that lifted her spirits so high as they were now, not any writer's words nor any story ever written.. "Mommy, did you know, every day on Mars is thirty-seven minutes and twenty-seven seconds longer than ours?".Hisscus, Nork, and Knacker exchanged sharp glances, nonplussed. Finally, one of them said, "We couldn't do that, Mr. Cain. Not until you've consulted an attorney..".Several large Dumpsters hulked nearby, dark rectangles less seen than suggested in the slowly churning murk, like forms in a dream, as ominous as graveyard sarcophaguses, each as suitable for a musician's carcass as any of the others.
