Having never been nudged in that direction, would Cain have followed a different path that took him far from Celestina and Angel? "What's below us?" Hound pointed to the floor, paved with rough slate flags. For more than two weeks, Agnes's heart had been a clangorous place, filled with the rattle and bang of hard emotions, but now a sort of quiet had come upon it, a peace that, if it held, might one day allow joy again. Nothing remained to be done but to press her shoe in the butter and hammer her head into the corner of the oven door. Evidently, Jacob had made a quick trip to his apartment over the garage and, with no thought for mice and dust, had not closed the back door. Junior said, "You've caused me a lot of trouble, you know." He'd been building a beautiful rage all night, thinking about what he'd been through because of the girl's temptress mother, whom he saw so clearly in this pint-size bitch. "So much trouble." Being blind had few consolations, but Barty found that not being able to look at his uncles' files and books

was one of them. In the past, he never really, in his heart, wanted to see those pictures of dead people roasted in theater fires and drowned bodies floating in flooded streets, but a few times he peeked. His mom would have been ashamed of him if she'd discovered his transgression. But the mystery of death had an undeniable creepy allure, and sometimes a good Father Brown detective story simply didn't satisfy his curiosity. He always regretted looking at those photos and reading the grim accounts of disaster, and now blindness spared him that regret. Awed, dropping to one knee before Barty, Tom fingered the sleeve of the boy's shirt. WITH BRIGHT BEACH under assault by one miserable flu and by an uncountable variety of common colds, business was brisk this Monday at Damascus Pharmacy. At eleven o'clock Saturday morning, having just settled in the hotel after arriving from St. Mary's, they were waiting for the SFPD to deliver suitcases of clothes and toiletries that Rena Moller, Celestina's neighbor, had packed according to her instructions. While waiting, the three of them took an early lunch-or a late breakfast-at a room service table in the living room. After checking her carotid artery and detecting no pulse, Junior returned to the sofa in the living room. He fluffed the little pillow and left it precisely as he had found it. Livor mortis had already set in, blood draining to the lowest points of her body, leaving the fronts of her bare legs, one side of each bare arm, and her face ghastly pale. In all their years, neither twin had ever set foot beyond the limits of Bright Beach. They both appeared nervous but determined. Paul checked the back of the Suburban, since he fancied himself the wagonmaster. He wanted to be sure that the goods were loaded in such a way that they were unlikely to slide or be damaged. "Packed tight. Looks just fine," he declared, and closed the tailgate door. Junior stepped back and squeezed off two shots, aiming for the lock. One round tore a chunk out of the jamb, but the other cracked through the door, shattering more than wood, and the brass knob wobbled and almost fell out. Nolly shuddered. "The wilds of Oregon. I don't intend ever to go there until it's civilized." Weatherworkers used to carry a leather sack in which they said they kept the winds, untying it to let a fair wind loose or to capture a contrary one. Maybe it was only for show, but every weatherworker had a bag, a great long sack or a little pouch. By November 1967, the Father Brown detective stories, written for mystery-loving adults by G. K. Chesterton, thrilled Barty. This series of books would retain a special place in his heart for the rest of his life-as would Robert Heinlein's *The Star Beast*, which was among his Christmas gifts that year. He could have killed someone named Henry or Larry, without risk of creating a Bartholomew pattern that would prick like a pungent scent in the hound-dog nostrils of Bay Area homicide detectives. But he restrained himself. Hound meant well in sending the young man to Samory, but he did not understand the quality of Otter's will. Nor did Otter himself. He was too used to obeying others to see that in fact he had always followed his own bent, and too young to believe that anything he did could kill him. On a morning in July, Junior was visiting the public library, poring through the stacks in search of exotic volumes on the occult, when the phantom voice rose nearby. Here, the singing sounded softer than in his apartment, little more than a murmur, and also threadier. This was the same woman who had been stripping the second bed when Celestina arrived earlier. Now she was here to remake the first. Nurses were supposed to be angels of mercy. She had shown him no mercy. And she was certainly no angel. IN HOSPITALS, AS in farmhouses, breakfast comes soon after dawn, because both healing and growing are hard work, and long days of labor required to save the human species, which spends as much time earning its pain and hunger as it does trying to escape them. He left by the back door, to avoid the aftermath seeping across the foyer floor. Fog enveloped him, cool and refreshing. Embarrassed, cold, abruptly frightened, she returned to the Old West, where night on the low desert was warm. The campfire flickered welcomingly. John Wayne put an arm around her and said, "There are no dead husbands or dead babies here," and though he intended only to reassure her, she was overcome by misery until Shirley MacLaine took her aside for some heart-to-heart girl talk. Agnes woke again and was no longer chilled, but feverish. Her lips were cracked, her tongue rough and dry. Along Junior's hairline, on his cheeks, his chin, and his upper lip, a double score of hard little knots had risen, angry red and hot to the touch. Having previously experienced a particularly vicious case of the hives, Junior realized this was something new-and worse. To the pilot, he replied, "Allergic reaction." Magusson was a small man behind a huge desk. His head appeared too large for his body, but his ears seemed no bigger than a pair of silver dollars. Large protuberant eyes, bulging with shrewdness and feverish with ambition, marked him as one who'd be hungry a minute after standing up from a daylong feast. A button nose too severely turned up at the tip, an upper lip long enough to rival that of an orangutan, and a mean slash of a mouth completed a portrait sure to repel any woman with eyesight; but if you wanted an attorney who was angry at the world for having been cursed with ugliness and who could convert that anger into the energy and ruthlessness of a pit bull in the courtroom, even while using his unfortunate looks to gain the jurors' sympathy, then Simon Magusson was the counselor for you. For the past two days, Junior had eaten only binding foods, and late this afternoon, he had taken a preventive dose of paregoric, as well. hearts represented either a rival in love or a lover who would betray an enemy who would deeply wound the heart. The knave of diamonds was someone who would cause financial grief. The knave of clubs was someone who would wound with words: one who libeled or slandered, or who assaulted you with mean-spirited and unjust criticism. As though giving voice to her worst fear had made it come true, Agnes was seized by a contraction so painful that she cried out and clutched the paramedic's hands tightly enough to make him wince. She felt a peculiar swelling within, then an awful looseness, pressure followed at once by release. Having used his body as a clapper in the bell of the Dumpster, Junior had struck a loud reverberant note that tolled like a poorly cast cathedral bell, echoing solemnly off the walls of the flanking buildings, back and forth through the fogbound night. As though the blush were transmitted by a virus, Junior caught the primrose-pink contagion from the pianist. "No, the monster lives in there," Barty said, which was a joke, because he'd never suffered night frights of that-or any--sort. Between new women and needlepoint pillows, he participated in séances, attended lectures given by ghost hunters, visited haunted houses, and read more strange books. He even sat for the camera of a famous medium whose photographs sometimes revealed the auras of benign or malevolent presences hovering in the vicinity of her subject, though in his case she could discern no telltale sign of a spirit. Three years ago, in St. Mary's Hospital, with Phimie's warning fresh in her mind, Celestina swore that she would be ready when the beast came, but here he came, and she was as not ready as possible. Time passes, the perception of a threat fades, life becomes busier, you work your butt off as a waitress, you graduate college, your little girl grows to be so vital, so vivid, so alive that you know she just has to live forever, and after all, you are the daughter of a minister, a believer in the power of compassion, in the Prince of Peace, confident that the meek shall inherit the earth, so in three long years, you don't buy a gun, nor do you take any training in self-defense, and somehow you forget that the meek who will one day inherit the earth are those who forego aggression but are not those so pathetically meek that they won't even defend themselves, because a failure to resist evil is a sin, and the willful refusal to defend your life is the mortal sin of passive suicide, and the failure to protect a little

yellow M&M girl will surely buy you a ticket to Hell on the same express train on which the slave traders rode to their own eternal enslavement, on which the masters of Dachau and old Joe Stalin traveled from power to punishment, so here, now, as the beast throws himself against the door, as he shoves aside the barricade, with what precious little time you have left, fight. Junior shoved through the blocked door, into the bedroom, and the bitch hit him with a chair. A small, slat-back side chair with a tie-on seat cushion. She swung it like a baseball bat, and there must have been some Jackie Robinson blood in the White family line, because she had the power to knock a fastball from Brooklyn to the Bronx..Harrison and Grace had welcomed him in spite of the fact that a friend and parishioner had died on Thursday, leaving them both bereft and with church obligations..Skinny, pasty-faced, chattering sissy," he hissed, still so furious with Neddy that he wanted to jam the pianist's head in the toilet even though he was dead. Jam his head in and stomp on him. Stomp him into the bowl. Flush and flush, stomp and stomp..Fear clotted in Junior's veins, and he stood like an impacted embolism in the busy flow of pedestrians, certain that he himself would at any moment succumb to a stroke..So here it came again, the hateful past, returning when Junior thought he was shed of it. This tall, lanky, Celestina-humping son of a bitch, guardian of Bartholomew, had driven away, gone home, but he couldn't stay in the past where he belonged, and he was opening his mouth to say Who are you or maybe to shout an alarm, so Junior shot him three times..The same thought had occurred to her, a consolation that might make acceptance of these riches possible. Yet she remained chilled by the thought of receiving a life-changing amount of money as the consequence of a death..Otter said nothing..It was then that village sorcery, and above all women's witchery, came into the ill repute that has clung to it since. Witches paid dearly for practicing the arts they thought of as their own. The care of pregnant beasts and women, birthing, teaching the songs and rites, the fertility and order of field and garden, the building and care of the house and its furniture, the mining of ores and metals-these great things had always been in the charge of women. A rich lore of spells and charms to ensure the good outcome of such undertakings was shared among the witches. But when things went wrong at the birth, or in the field, that would be the witches' fault. And things went wrong more often than right, with the wizards warring, using poisons and curses recklessly to gain immediate advantage without thought for what followed after. They brought drought and storm, blights and fires and sicknesses across the land, and the village witch was punished for them. She didn't know why her charm of healing caused the wound to gangrene, why the child she brought into the world was imbecile, why her blessing seemed to burn the seed in the furrows and blight the apple on the tree. But for these ills, somebody had to be to blame: and the witch or sorcerer was there, right there in the village or the town, not off in the warlord's castle or fort, not protected by armed men and spells of defense. Sorcerers and witches were drowned in the poisoned wells, burned in the withered fields, buried alive to make the dead earth rich again..The 9-mm pistol rested in the complementary shoulder holster, under Junior's leather coat. But the sound-suppressor hadn't been attached; it was in one of his coat pockets. The extended barrel, too long to lay comfortably against his left side, would most likely have hung up on the holster when drawn..Agnes remembered the blood, the awful red flood. Excruciating pain and such fearsome crimson torrents. She'd thought her baby had entered the world stillborn on a tide of its own blood and hers..Agnes had lifted him to this perch. Now she smoothed his hair, straightened his shirt, and retied his loosened shoelaces, finding it even harder than she had expected to say what needed to be said. She thought she might require Dr. Chan's presence, after all..Nearly two weeks ago, in the Spruce Hills hospital, Junior had been drawn by some strange magnetism to the viewing window at the neonatal-care unit. There, transfixed by the newborns, he sank into a slough of fear that threatened to undo him completely. By some sixth sense, he had realized that the mysterious Bartholomew had something to do with babies.
