"Baby, it's okay, see, baby, look."..Stern studied his fingers for a moment and then looked ' up. "Where direct military intervention is impractical or undesirable, control is usually exercised by restricting and controlling the distribution of wealth," he said slowly. "Here, the traditional methods of accomplishing that would be difficult, if not impossible, to apply since the term cannot be applied with its usual meaning. This society must have its pressure points, nevertheless. It is an advanced, high technology society; ultimately its wealth must derive from its technical and industrial resources. That is where we should look for its vulnerable spots."..door of the trailer, standing on the top step, watching. Leilani remained inside..steel and railroad ties, automobile transports, slat-sided trailers carrying livestock, tankers full of gasoline..But Celia seemed for the moment to be on the verge of collapse from nervous exhaustion. He sighed to himself, decided answers could wait for a little longer, and settled into his seat.."Well . . . some of them, a long time ago, maybe. But not modern ones."..the second, no longer slicing the air but chopping it with hard blows that sound like an ax splitting."Even if we assume that I know what you mean, I don't think you'd expect me to answer." So now they both knew, and knew that the other knew. Each had tested the other's discretion, and both of them respected what they had found.
