Friday, January 14, eight days after Joey's death, Agnes closed the sofa bed, intending to sleep upstairs from now on. And for the first time, since coming home, she cooked dinner without resort to friends'. The word diarrhea was inadequate to describe this affliction. In spite of the books he'd read to improve his vocabulary, Junior could not think of any word sufficiently descriptive and powerful enough to convey his misery and the hideousness of his ordeal..OF THE SEVEN NEWBORNS, none was fussing, too fresh to the world to realize how much was here to fear.. "Well, anyway," she said, as though Muffins uncharacteristic viciousness had been adequately explained, "this mending ought to cover ten more lessons." "We have dams, though," said Jacob, gesturing with his fork. "The Johnstown Flood, 1889. Pennsylvania, sure, but it could happen here. And that was a one, let me tell you. The South Fork Dam broke. Wall of water seventy feet high totally destroyed the city. Your tornado killed almost seven hundred, but my dam killed two thousand two hundred and nine. Ninety-nine entire

families were swept from the earth. Ninety-eight children lost both parents." He sprang to his feet, or maybe only staggered up, depending on whether his image of himself right now was pulp or real, and surveyed the scene, looking for the bandaged man. A few neighbors crossed the lawn toward Grace, and others approached along the street. But the killer was gone. Sudden rain spared her the need to finish the sentence. A few fat drops drew both their faces to the sky, and even as they rose to their feet, this brief light paradiddle of sprinkles gave way to a serious drumming. They ordered martinis, and when Kathleen, perusing a menu, asked her husband what looked good for dinner, he suggested, "Oysters?". WEDNESDAY, fully two days after delivering honey-raisin pear pies with Agnes, Edom worked up the nerve to visit Jacob. "Yes. More about that later, just let me make it clear that an interest in physics doesn't make me a physicist. Even if I were, I couldn't explain quantum mechanics in an hour or a year. Some say quantum theory is so weird that no one can fully understand all its implications. Some things proven in quantum experiments seem to defy common sense, and I'll lay out a few for you, just to give you the flavor. First, on the subatomic level, effect sometimes comes before cause. In other words, an event can happen before the reason for it ever occurs. Equally odd ... in an experiment with a human observer, subatomic particles behave differently from the way they behave when the experiment is unobserved while in progress and the results are examined only after the fact—which might suggest that human will, even subconsciously expressed, shapes reality." The candlestick was dry. Holding this pewter bludgeon with a paper towel, Junior replaced it on the table as he had found it. He picked up the candle from the floor and married it to the stick. While Jacob ate, he browsed through a new coffee-table book on dam disasters. He talked more to himself than to Barty and Angel, as he spot-read the text and looked at pictures. "Oh, my," he would say in sonorous tones. Or sadly, sadly: "Oh, the horror of it." Or with indignation: "Criminal. Criminal that it was built so poorly." Sometimes he clucked his tongue in his cheek or sighed or groaned in commiseration. After the amusement park, no hospital for the Pie Lady. With Wally near, she had a doctor all her own, capable of giving her the anticancer drugs and transfusions that she required. While radiation therapy is prescribed for acute lymphoblastic leukemia, it is much less useful to treat myeloblastic cases, and in this instance, it wasn't deemed helpful, which made treatment at home even easier. Grace, proving again the aptness of her name, said the one thing most likely, in time, to bring true peace to Celestina. "Remember Bartholomew." "No, the monster lives in there," Barty said, which was a joke, because he'd never suffered night frights of that-or any--sort. By air from San Francisco south to Orange County Airport, then farther south along the coast by rental car, one week in the wake of Paul Damascus and his three charges, following directions provided by Paul, Tom Vanadium brought Wally Lipscomb to the Lampion house. In his mind's eye, he saw the answering machine with uncanny clarity. That curious gadget. Sitting atop the scarred pine desk. In the faraway, at the limits of night and fog, the dog bit off his bark in expectation. Could any spell of magic make. This soiling of Naomi's memory was a sadness so poignant, so terrible, that he wondered if he could endure it. He felt his mouth tremble and go soft, not with the urge to throw up again, but with something like grief if not grief itself. His eyes filled with tears. Neddy's face didn't appear to be as pale as it had been earlier. An undertone of gray, possibly blue, darkened the skin. He must begin by learning as much as possible about ghosts, hauntings, and the vengeance of the dead. During the remainder of 1966, only two apparently paranormal events occurred in Junior Cain's life, the first on Wednesday, October 5. "So entertaining, I felt I should have paid for those seats. When the third machine starts whizzing coins at him, he bolts like a kid running a graveyard at midnight on a dare." Nolly laughed, remembering. In Room 724, standing alone at her sister's bedside, watching the girl sleep, Celestina told herself that she was coping well. She could handle this unnerving development without calling in either of her parents. "Even in an infinite number of worlds," Wally objected, "there's no place I was that stupid." In the end, the reason for the walking was the walking itself. Walking gave him something to do, a needed purpose. Motion equaled meaning. Movement became a medicine for melancholy, a preventive for madness. Each booth was at a large window, and each window provided a view of the street. Vanadium wasn't out there, watching from the sidewalk, either: no glimpse of his pan-flat face shining in the December sun. Junior hoped that he hadn't been betrayed by eyeshine in the fraction of a second before he closed his eyes to slits. These weren't lakes of blood, just smears, so Junior could wipe them up quickly, once he got the corpse out of the hallway, but the sight of them further infuriated him. He was here to bring closure to all the unfinished business of Spruce Hills, to free himself from vengeful spirits, to better his life and plunge henceforth entirely into a bright new future. He wasn't here, damn it, to do building maintenance. So here it came again, the hateful past, returning when Junior thought he was shed of it. This tall, lanky, Celestina-humping son of a bitch, guardian of Bartholomew, had driven away, gone home, but he couldn't stay in the past where he belonged, and he was opening his mouth to say Who are you or maybe to shout an alarm, so Junior shot him three times. By the time they reached the seventh painting, alcohol and rich French cuisine and Jack Lientery's powerful art combined to devastate Frieda. She shuddered, leaned with one hand on a canvas, hung her head, and committed an act of bad PR. In his head, without apparent effort, Barty kept a running total of the number of seconds that he had been alive, and of the number of words in every book that he read. Agnes never checked his word totals for an entire volume; however, when she cited any page in a book that he'd just finished, he knew the number of words it contained.
